## ***Organizational Updates***

### **Funding Update**

**As some of you have heard, the State of Colorado recently cancelled many grants to nonprofits that focus on cancer services due to the State's fiscal emergency. Summit was one of the cancer organizations that lost its grant from the State. This grant constituted a major funding source for us, so it was most definitely a disappointment and it will impact our programs. Our Executive Director and Board are working on securing other funding sources and developing a plan to sustain the organization. We want to assure you that we have no plans to close Summit. We are doing our best to continue providing services at a lower level of funding while we look for additional support and develop a plan for the future. Please do not hesitate to contact Therese Thompson,**

**Executive Director, with any questions. Thank you for your continued support of Summit!**

### **Fall Funding Appeal**

**We will be sending out our annual appeal letter this month to all Summit participants and past donors. Your support and donations are appreciated now more than ever!!**

### ***Our Program:***

**Summit Cancer Solutions offers six-month exercise programs to adult cancer survivors. Exercise physiologists with a cancer specialty oversee all aspects of the exercise regimen, which aids in recovery and general fitness during and after treatment. The fitness program includes flexibility, cardiovascular, and strength training. Summit is open to adults of all ages and fitness levels. Participants are both men and women who have survived every type of cancer.**
